

Explore a Career as a

SECURITY GUARD

Get ***SORA Certified*** and Join the Fastest Growing Career Sector!

Security Guards are professionals who patrol, monitor and protect the environments where they are stationed in order to prevent theft, violence or infractions of rules. These highly trained individuals are responsible for locking doors and gates, and monitoring and authorizing the entrance and departure of employees, visitors and other persons. Security guards must also be able to document reports and observe activities and irregularities of the premise/environment in which they are guarding. They also are able to inspect and operate security systems and related machinery to ensure operational use. If you wish to pursue a career as a security guard, you may be responsible for responding to emergency situations.

We provide convenient, superior training to get certified *FAST!*

Our training course provides instruction as outlined by the State of New Jersey that will prepare students to take the SORA exam to become certified Security Officers. The program includes the exam fee and course fee. This course is offered in the classroom, virtually and Hybrid.
